

# We Owe Our SUCCESS in the Purebred Business since 1963 to Good Folks like these.

We appreciate each and everyone of our clients and wish all of you continued SUCCESS in the cattle business !!!

"When looking for a good herd bull we look no further than La Muneca Cattle. Living on the Texas Gulf Coast, it is imperative that we have an animal that can handle the conditions and have the physical thickness and depth that will make for sound calves that will lead to a sound profit. That is why 7 of our 9 herd bulls come from La Muneca Cattle." **Darrell Sklar**

"As a customer, you will find very few places as welcoming and open as La Muneca Cattle Co.. We have sourced championship Simbrah genetics from Carlos & his family for nearly 20 years. The Guerra's high integrity, family values & honesty are the traits that are most valued by our family and are the most important reason we will continue to do business with them in the future." **Fred Grahmann Family**

"I have been doing business with Carlos and Sister for over 20 years. I have had nothing but success with their genetics, which are as good as any in the world. In addition to being great contributors to the cattle industry, I consider it a privilege to call all of the La Muneca family good friends and look forward to continued success with them and their genetics." **Javier Moreno - La Negra Cattle Company.**

"Great People! Great Cattle! Contagious enthusiasm for the cattle business and unprecedented support for youth programs!" **Tim Smith**

"For over 30 years, we've been buying cattle from the Guerra's because they are honest and reputable. They strive to produce the best in the industry. They stand behind their product and support their clientele. La Muneca bred cattle are comprised of superb, proven genetics that produce top dollar cattle for us." **Pablo & Aaron Vela**

"The reason that I do business with La Muneca is because of the quality of their animals, their dedication to the breed and their friendship. If I ever have a problem with one of their Simbrahs, I know that it will be resolved immediately." **Jimmy Waitz**

"I plan on being in the cattle business the rest of my life. I want my name associated with high quality cattle that perform. The most efficient way for me to accomplish that is to continue buying cattle from La Muneca and get the X factor genetics." **Pepe Guerra**

When I deal with Mr. Guerra and La Muneca whether buying his cattle or asking valuable advice, I get a prompt, concise response reinforced with "real" information and years of valuable experience. To buy an animal from La Muneca, you not only get an animal, but receive service and support to give the buyer a great experience and more importantly, success in his/her breeding program." **John Runnells III**

"Recently I was asked why we do business with La Muneca...one word sprang into my mind in an instant, Quality. Quality people and quality cattle. They do what they say and say what they do. Always dependable." **Jud Flowers Family**

"When I look to expand my Simbrah herd, I focus on top-notch genetics. La Muneca Cattle have excellent genetics. I really enjoy dealing with the Guerra family; I have always been treated fairly and receive support from them for my program. I also appreciate what they do for the Simbrah Breed and their community. Thank You for including Burch Farms in your ad." **Rickey Burch**

"When asked why we rely on La Muneca genetics the answer is simple - good people that raise good cattle. The Carlos and Sister Guerra family welcomed Julie and I to visit their ranch four years ago. Since that time we have built a relationship that will continue to grow. We have built our herd around the great breeding program that La Muneca has to offer with our new herd sire LMC Road House. Lastly it is the Guerra's dedication to kids and education that keeps us coming back to purchase new genetics and help with their educational events." **Joe & Julie Mask**

"La Muneca can be counted on for new and bold genetics. Our ranch continually seeks outcross Simbrah genetics which are central to high heterosis and carcass improvements. Through the years, Pine Ridge has greatly benefitted from purchasing La Muneca livestock." **Jane and Bill Travis**

"When we loaded the first bull we ever purchased from La Muneca, Carlos told me, "I want to be the first person you call if you have a problem." And he meant it. These folks will try harder to make your program a success than you will!" **Scott & Kacy Frazier**

"I have bought, sold and swapped cattle with Carlos for the past 30 years. If there is a more honest, dedicated producer of superior Simbrah & Brahman cattle, I have not met him. Whether you are just starting, are in the market for a bull or females, do yourself a favor and visit La Muneca. Take Victor, Carlitos, Carlos & Sister's (HIS BETTER HALF) advice, which they will gladly give you because they all want to help you. If you can wait three years, ole TRES will be the one to talk to." **Bud Wentz**

"You have restored my faith in American Agriculture. Even though you had our OK to invest up to \$5,000 for the bull we wanted at the MAS sale, you only invested \$2,500. We appreciate doing business with La Muneca and are very happy with our bull." **Rodney Kelso**
