

OUR POLLED BRAHMAN BULL MARKET IS STRONG

BREEDING SHARES ARE AVAILABLE.

A **BIG HEARTY THANKS** and **CONGRATULATIONS** goes out to Chris Brasher and Ray Rodriguez for investing in 1/2 interest of LMC Apollo. LMC Apollo could very well be the next great POLLED Brahman herd sire. He is big boned, stout & square made, is rich in power and breed character. He was the largest bull in his class at Houston and **NEARS PEFECTION IN THE FLESH**. He has what it takes to produce polled cattle that can compete with the best of the breed. We are excited about his future.

Apollo is sired by our senior herd sire, LMC WFF Pistolero and out of a top producing JDH cow sired by Charley's Jazz making her a granddaughter of the legendary Charley Manso and is out of a Sage Manso x Union Manso cow – indeed a star studded pedigree for a good looking mama cow.

A **BIG HEARTY THANKS** also goes out to Rachel and Brandon Cutrer for buying our LMC Apollo semen at the AJBA Semen Auction. We also thank them for their effort in organizing and promoting this sale for the juniors. Another great example of ex-juniors giving back to make it better for the next generation. Look for good things to come from this semen investment when used on their POLLED COW POWER.

LMC Polled Ringer is another outstanding, smooth polled, good looking Ambassador son out of a top V8 34/5 daughter that goes back to Remington, 202/3 and Ringer. Ambassador sons are correct, flat hiped, thick, clean sheathed bulls that are well balanced, very docile and make their new owners proud.

LMC Polled Future is an exciting polled herd bull prospect out of Ambassador and our prolific 270/5 donor who is an own daughter of the International Champion V8 831/5 cow. We feel that this young stud is a major league kinda bull that we will promote and use in our program. Come check him out.

LMC Polled Victor is a good looking, thick, early maturing double polled herd bull prospect sired by Ambassador and LMC Victoria's Secret. She is a full sister to LMC Apollo and is doing a fine job of raising her first calf in a tough drought. This show and herd bull prospect is built right for the times.
