BREEDING SHARES are available.

We are both happy and proud with the **SUCCESS** of our Polled Brahman program in the short time that we have been breeding them. We appreciate each and every buyer from both home and foreign countries. We are excited about the **FUTURE** of the Polled Brahman industry and feel confident that **THE BEST IS YET TO COME.**

We are committed to breeding our share of the best by using many of the proven powerful matings that have produced good bulls like you see here plus will continue to introduce new sires and cow families to improve our cattle which in turn will improve the breed.

LMC Apollo is a prime example of a powerful new polled bull we are introducing to our herd this year. He is a son of LMC WFF Pistolero and out of our JDH Lady Manso 20/5 donor cow. The **POLLED NATION** is growing because it makes economic sense to produce State of the Art **POLLED** Brahman cattle. Come get you one of these young freshly weaned herd bull prospects whose genetics and promotion can help you to market your future production to more buyers for more money.

Every calf that his mama has produced has been outstanding. Our Polled Brahman bull market is strong. Come get you one.

We feel that this young stud is a major league kinda bull that we will promote and use in our program.

She is an Ambassador out of our Cover Girl LMC WFF Beth 24/6 who is a full sib to Polled Maestro. She is co-owned with Beth Quintanilla who is assembling a great polled herd.
