

SIMBRAVIEH

THE TIME IS NOW

When Joe and Julie first visited La Muñeca in 2004, we were impressed with their passion for breeding great cattle and their sharp eye for good cattle. We sold them one half of a Simbrah show heifer and have partnered on several other great ones since. We appreciate all that they do to promote cattle. Joe is the President of the Texas

five great American Junior Simbrah Round Ups in a row. As a popular cattle judge and county agent, Joe has a good pulse on the right kind of cattle for progressive cowmen to utilize.

Joe and Julie have seen us start and grow the Simbravieh breed and are very excited about these cattle and their potential. We now own seven of the best young females in the Simbravieh breed with Joe and Julie. They are located in the heart of the very productive Gulf Coast region in Wharton. When in the Houston area, give these good folks a call and go see their impressive herd. They can help you start at the top of the Braunvieh, Simbrah and Simbravieh breeds. LMC and Rafter M both are committed to producing lots of good Simbraviehs and our share of tomorrow's great ones.
