

A Once In A Lifetime Opportunity

LMC Gold Medal is the most phenomenal Simbrah bull we have ever seen. Having been raised in the commercial business provided us with the basics of producing no nonsense, easy keeping, functional, moderate and gentle cattle with plenty of muscle and structural soundness. Our bull philosophy is to breed bulls with **BUTTS, GUTS & NUTS**. He is all of the above. Add the fact that his API index is in the top 2% of the breed and that he won the 2013 National Championship at 11 mos. of age as did his world renown dam and you can appreciate why we are so proud of Gold Medal. He weighs 1940 lbs at 18 months and is a frame 7 bull. That is a lot of bull !!

We are also proud of the fact that 19 of the 20 past International Grand and Reserve Champion Simbrah bulls have been bred by us or our clients having at least one LMC parent. Gold Medal's sire, LMC Rhino was the 2011 International Champion and his sire LM Full House was the 2004 Champion. We want to **THANK** Britt Larson and Jay Anderson for investing in two \$3,500 breeding shares at the LMC \$ellabration Sale II. We will be selling more breeding shares private treaty after \$ellabration III. Gold Medal will assist you in breeding your share of the best in Simbrah !!

LMC WFC Dream Girl is the engine that has raised the bar for the Simbrah breed. Every cowman that has seen her loves her. In our opinion she is the best Simbrah ever made. She won it all and now her progeny are winning. She is the result of mating the best of two of the most progressive breeding programs in Simbrah history – Smith Genetics (Smith Nu Wave II) and La Muñeca Cattle Co's. (LMC Miss Diva) Dream Girl is averaging over \$15,000 on her calves with her last litter of three calves (all pictured) generating \$63,000 in revenue at an average of 8 mos. of age with the best yet to come. We are expecting PB Simbrah ET calves from her next spring by LMC Rhino, LMC Arcadio, 6GLMC Rajin Cajun and 6GLMC Pappadeaux, 3/4 x 1/4 Simbrahs by WS Beef Maker & Mr. NLC Upgrade and some LMC LF Ambassador 3/8 x 5/8 most of which will be heifers. These will be some of the highlight lots at LMC \$ellabration III.

In an effort to share this great female and provide progressive breeders with **A ONCE IN A LIFETIME OPPORTUNITY** we are selling three flushes private treaty for \$25,000 each with a minimum guarantee of 6 embryos per flush. She is the one that can help you prove your bull of any breed. She is averaging 42.5 oocytes and 13.7 embryos per aspiration with both her embryos per oocytes and pregnancies per embryos ratios above average. The buyer keeps all of the flush plus you can use more than one bull in one flush. It makes both genetic and economic sense !!

ONE CALF COULD
PAY IT ALL !!

LMC Redream is the top selling heifer from the LMC \$ellabration Sale II selling for \$41,000 to Dawson Raub. She is a full sib to Gold Medal & the MAS Champion Daydream. She won Reserve Calf Champion at MAS & is totally awesome. These two heifers are going to make major league donors & are great Ambassadors for Simbrah.

LMC Daydream is the 2013 MAS Champion that sold for \$15,000 and is owned by Micah Perkin and Will Scogin. LMC juniors have won 8 of the 8 MAS Grands and 6 of the 8 Reserves winning 88% of the championship premiums. At Synergy our LMC Juniors have won 4 of 5 Grands and 4 of 5 Reserves for a 80% championship percentage.
