

# A PROMISING FUTURE!

Our **POLLED** Brahmans are selling, they are winning, they are getting better and the market is expanding with more and more prominent breeders investing in **POLLED** genetics every month. We can hardly wait to show you LMC Polled Xavier and our polled dark cherry red Winchester x LN Margarita herd bull prospects. We are excited about the future of **POLLED BRAHMANS**.

Look for this promising, young, double polled, future donor female in the Winston Walters show string next fall and spring. She is a champion and Houston class winner. She is sired by the soon to be Register of Renown LMC LF Ambassador bull. We have some of her paternal sisters for sale now. Her name is LMC Polled Paulette and she represents what the future of American **POLLED** Brahman cattle is all about – **QUALITY & CONSUMER DEMAND**.

**LMC Polled Jody** is one of our junior herd sires that **NEARS PERFECTION IN THE FLESH**. He is just 27 mos. in this photo but as you can see has excellent breed character, pigment, length, balance, muscle and testicular development with a very tight sheath. He is double polled with small scurs, is very docile and offers our program **NEW BLOOD** being sired by MR R10 Grand 30, a **POLLED** bull bred by our ole buddy Mr. Gary Finto and out of a polled cow with several generations of polled breeding of our ole buddy Jody Youngblood. We just put him on the cows and are expecting some great calves from him next spring. We feel confident that our future is very promising having young bulls like Oro and Jody breaking into our star studded herd sire battery.

**LMC WFF Polled Oro** is a genetic gem being sired by the super consistent LMC LF Ambassador (JDH Mr. George Manso x V8 899/4) and out of our 707 "**MATRIARCH**" cow who is the dam to Pistolero, Polled Maestro, Polled Master and Polled Success. 707 and 899/4 are the two cow families that we have built our polled program around. Both of these cows produced into their late teens and had excellent udders and production records. **ORO** means **GOLD** and this bull represents our **GOLDEN CROSS**. Oro is double smooth polled, super correct, rich in breed character, muscle, length, balance and pedigree clout that is going to make LMC a top herd bull. LMC plans to continue to promote both of these cow families as they continue to raise the bill paying kind of cattle that every cowman desires. Come see us !!
