

# A Tribute To A Great Cow !!!

We have been in the registered business since 1963 and have bred and owned our share of the great ones in several breeds. LMC 5H-144 was as good as we ever owned. Her sire, LMC Titan is a grand son of the famous Jetliner cow, one of the best Simmental cows ever produced. Her maternal grand & great grandsires were all BIG TIME BEEF BULLS – Moses (Nat. Champ F-1), Mayo 257 (Nat. Champ Brahman) and 1/755Y – the first major Red Brahman sire we ever purchased.

Her first four natural calves by four different sires were all show quality heifers. We sold the first two

to Mike Quintanilla, kept one and sold the fourth to Alyssa Martinez for an average of \$4,000 – good reason to put her in ET. In her first flush she produced 72 - # one fertilized embryos and averaged 43 in her first four flushes making her the most fertile embryo producer in the breed with very few beef cows ever doing more.

Since then we have sold ET heifers to Joe Mask, Doug Lightfoot, Rickey Burch, Lindsay & Lesli Garrett, Reavis-Smith and 6G-Yaeger for an average of \$6,625. We have kept lots of good ones and will never sell all of any one of them. Why? Because we want to spread her fertility and productivity throughout our

herd. All of these calves on this page are out of her and several different sires. They are all good and have sold extremely well.

She has registered 51 head in ASA and 19 Simbraviehs in the BAA. The Simbravieh breed is being built around a great set of ten full ET Sisters out of her and WTR Hip Check – a Show Bull and Show Sire of the Year plus the weaning and yearling weight trait leader of the breed. We own his dam, the famous WTR Baylee cow – truly one of the top five cows in the Braunvieh breed – just like LMC 5H - 144 was in the Simbrah Breed – a great cow !!

**LMC Molly 5P – 254** is a good milking LMC Good Will daughter that we co-own with Alyssa Martinez. She looks a lot like her great MAMA and is bred to produce like her.

**LMC Maserati 5S – 291** is another beautiful Red Ammo that has been very competitive for Lesli Garrett winning several championships for her. She is getting better and better every day. We own three full sisters that are all outstanding.

**LMC Elegance 5S – 244** is a future donor sired by the many times champion Red Ammo. Her name describes her to the T. We co-own her with our good friends Doug & Karen Lightfoot. Five full brothers sell in MAS III – all bonafide herd bull prospects.

**LMC Ammo Amigo 5S – 266** is one of five full brothers selling in MAS III sired by the Simbrah Sensation Champion and International Reserve Champion Red Ammo that also sells in MAS III. Any one of these bulls can put you on the map. They are all very good !!!

**LMC Tatiana 5S – 112** is sired by Red Bullet and has won many a show for Lindsay Garrett including Reserves at Houston, AIS Round Up, TJSJA Futurity and Grands at the AJSA Summer Classic and Dallas. 1/2 of her sells in MAS III. She is one of the very best to build a herd around. Rickey Burch owns a full sib and we have three other keepers.

**LMC Annie 5R – 280** is a beautiful T-Cat daughter that we co-own with Joe, Julie & Jennifer Mask. She is the total package and has a great future.

**LMC Daisy 5R – 272** is a very functional, solid red, good milking daughter out of T-Cat that we co-own with Emilio Flores. He is selling his half in MAS III. A great opportunity to own one of her better daughters.

**LMC Sweet Spot 3S – 376** is a future donor that we co-own with Reavis Farms and Smith Genetics. She is sired by the famous Meyer 734 who is the GODFATHER of clubby bulls. Look for her to produce kinda like the popular LM She Moves has done.

**LMC Sangria 5S – 345** is co-owned with the Richard Foster family and is a very capacious female just like her MAMA. She is another Red Ammo jewel that is going to produce her share of tomorrow's good ones.

**LMC Sweetness 3S – 384** is another future donor sired by Meyer 734 that we co-own with our ole buddies Fred Grahmann and Wayne Yaeger. Fred has bought cattle from us for over twenty consecutive years. You can buy a flush out of her in MAS III and be on the Breed's Cutting Edge.

**LMC Meyer Amigo 3S – 378** is the only Meyer 734 Simbrah bull that I have ever heard of and he is a good one. Meyer 734 has produced more champions and clubby type donors than any other bull in Simmental history. The cattle are fancy and enjoy tremendous CONSUMER DEMAND. He sells in MAS III.

**LMC Club House 5S – 88** by LM Full House s a COWMAN'S KINDA BULL that sold in MAS II to our ole buddy Kim Hagan as a herd bull prospect for \$2,500. He is the kind that Simbrah needs to produce many more of. We own two full sisters that are really neat. A full brother sold to Bill Poole.

**LMC PD Amigo 3S – 269** is one of three full sibs selling in MAS III sired by the Denver Champion Power Drive that has had a tremendous impact on the Simmental breed. Triple C has sold many a herd bull and show heifer out of this breed great. NEW BLOOD FOR SIMBRAH !!!

**LMC Shania S 11** is our pick of the ten full ET sisters that will be the Foundation for the Simbravieh breed. We have just calved out her first ET babies and we are so proud of them. If interested, come and visit La Muneca and get to know more about this up and coming American Breed.

**LMC Smokem** is our Simbravieh Senior Herd Sire that is full sib to Shania by Hip Check and LMC 5H – 244. He is just 13 months old in the photos and is so impressive. We sold seven full ET bull sibs before they were 13 months old as range bulls and club calves for \$2,500 + average.

Marco Flores showed this full sib to Smokem and Shania as a champion show steer. Look at the muscle and power in this calf. These cattle are going to improve our carcass merit, feed efficiency, muscle, heat resistance plus expand our bull markets.
