

Great Bulls are Always Chic

CONGRATULATIONS to Brock Courtney on winning the coveted 2008 BAA National Championship at the National Junior Braunvieh Show with TLC Anna's Light T7392 ET sired by "Polled Lightning". Another great example on how this great bull can help your Fullblood cows produce champions. **CONGRATULATIONS** to the Thorne's and to "Podge" for recommending the mating.

Good bulls are popular for a short time. We sometimes get caught up trying too many young, unproven, good bulls when we should insure our future by using proven time tested genetics. Great bulls prove themselves year after year in all arenas. Their calves never lose their **CONSUMER DEMAND** and remain competitive in the show ring. We feel confident that KEYS 402G "Polled Lightning" (albinism free) will go down in Braunvieh and Simbravieh history as one of the great ones. He could serve as the breed's **STANDARD OF EXCELLENCE**. Semen available - \$30 per unit, ten unit minimum, BAA AI certificates at BAA Cost.

LMC LF Polled Key T 163 is a typical "Polled Lightning" son. They are long, strong spined, big boned, athletic, sound bulls with plenty of muscle, breed character and performance. Key is out of our Fullblood Donor, FG Bess who is working like a charm at age 15 in both our Braunvieh and Simbravieh programs. We have a great selection of both purebred and Fullblood herd bull prospects **FOR SALE**.

LMC Dolly T 260 is a purebred Simbravieh heifer that sells at Simbrah SYNERGY on October 25th in Giddings, TX. Dolly will be one of the **CORNERSTONE** females of the Simbravieh breed. She is the **TOTAL PACKAGE** sired by "Polled Lightning" & a good La Muneca Simbrah cow. She can show in Beef Builder, TCCA-ABC, LMC, MAS & SYNERGY shows. Call or email for more details.
